# #1 for Customer Satisfaction

### Game Changer for Creative Teams.

“My team can reliably and quickly access our files from anywhere we have an internet connection. Even when working on tradeshow booth layouts and video editing, the team has been able to keep projects moving both in and out of the office. And, in instances where we have encountered issues, the support team at LucidLink has been great. Super responsive and diligent - always getting us up and sprinting in no time.”

**Jessica H.**  
Art Director

### Fast forward, and that's how I feel after testing LucidLink.

“LucidLink stands out as a powerful tool for teams needing efficient, real-time access to large files stored in the cloud. Its integration with creative applications and focus on secure, scalable storage make it a compelling choice for media professionals and other industries requiring robust collaboration solutions.”

**Shawn R.**

### Best video cloud storage.

“LucidLink offers seamless file access and collaboration across distributed teams. The instant file streaming technology eliminates the need for syncing or downloading, which saves significant time and storage space. The platform is incredibly reliable, with fast performance even when working with large media files. The user interface is intuitive and easy to set up, and the security features give us peace of mind when sharing sensitive data. Overall, LucidLink has transformed how our team works remotely and improved our workflow efficiency dramatically.”

**Benjamin N.**  
Broadcast technician & Post Production technical supervisor
